Employment Trend

Ontario Health Care Occupations and All Occupations, 1999 to 2009

Source: Statistics Canada, Labour Force Survey, 2010.

A decade ago, the workforces of healthcare professionals and technical / assisting workers were nearly equal in size. Since then, technical / assisting workers have grown by 54%, while professionals (which includes registered nurses) have grown by 37%. Each group of healthcare workers has outgrown the provincial average, and technical / assisting occupations have continued to expand even in the recent economic downturn.
