

CONNECT2JOBS

A NEW TOOL TO CONNECT JOB SEEKERS AND EMPLOYERS

WHAT IS CONNECT2JOBS?

Connect2JOBS is a system that connects job seekers and employers across Bruce, Grey, Huron, and Perth counties. It consists of several tools including a job board, an interactive jobs and resources map, data reports on job seeking and job demand, a career planning tool and a census map that details wage and labour information by location.

WHAT DOES THIS MEAN FOR EMPLOYERS?

Now, when you post your job on any of the top job searching sites in our area, your job is automatically exposed to our 1000-1500+ monthly users. Our tools make it easier for job seekers to make career decisions. Plus, our data reports can help you better understand attraction and competition through local demographic and job posting activity information.

HOW DO I GET MY JOB ON CONNECT2JOBS?

1) While you can't post with connect2JOBS directly, when you post on any of these websites, your posting is automatically picked up by connect2JOBS to our job board:

Indeed.ca	Careerjet.ca	Jobbank.gc.ca
Kijiji.ca	ymcaowensound.on.ca	workopolis.com
Simplyhired.ca	opportunityliveshere.ca	wowjobs.ca
Careerarc.com	Jobilico.com	Localwork.ca
Recruiting2.ultipro.com	Careerbuilder.ca	Randstad.ca
Aboriginaljobboard.ca	Drcareers.ca	en.agilus.ca
Canadianexecutivesearch.com	Careers.perthcounty.ca	Agilec.ca

2) Adding certain information will ensure your posting is easy to pick up and find by our system.

Make sure your post has the following details:

- **Job Address:** Enter the address for the actual location of the job, rather than the address of headquarters or recruitment agency. This makes sure your job is visible on the map, next to helpful information about nearby transit and childcare centers.
- **Company Name, Job Title, Permanent/Temporary/Contract status, Part-Time/Full-Time status**
- Recommended, but optional: **Required languages, salary information**

See the tool for yourself on www.connect2jobs.ca
