FOUR COUNTY LABOUR MARKET PLANNING BOARD
NOTES TO THE SKILLS ADVANCE ONTARIO
STATEMENT OF REVENUE AND EXPENDITURE REPORT
FOR THE YEAR ENDED MARCH 28, 2022

1. Nature of the Organization

The Four County Labour Market Planning Board is incorporated without share capital as an Ontario non-profit corporation. Working with community partners, the Board proactively advocates and pursues local solutions to overcome training and employment barriers in order to ensure the development of a skilled workforce. The Organization is exempt from income tax under Section 149 of the Income Tax Act of Canada.

2. Significant Accounting Policies

The accompanying supplemental Statement of Revenue and Expenditure Report have been prepared by management in accordance with Canadian accounting standards for not-for-profit organizations. Those policies that are considered to be particularly significant are outlined below:

a) Revenue Recognition

The organization follows the deferral method of accounting for contributions which include donations and government grants. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount can be reasonably estimated and collection is reasonably assured. Endowment contributions, if any, are recognized as direct increases in net assets.

b) Contributed Services

Volunteers contribute a number of hours per year to assist the Four County Labour Market Planning Board in carrying out its service delivery activities. Because of the difficulty of determining their fair value, contributed services are not recognized in the financial statements.

c) Use of Estimates

The preparation of the supplemental statement of revenues and expenditures of the organization, in conformity with Canadian accounting standards for not-for-profit organizations, requires management to make estimates and assumptions that affect the reported amounts of the revenues and expenditures during the reporting period. Actual results could differ from these estimates.

2. Significant Accounting Policies (continued)

d) Inter-Program Revenues/Expenditures and Transfers

The organization's policy is to operate and account for its various programs and activities on a stand-alone basis wherever possible. Accordingly, certain inter-program revenue/expenditures and transfers are recorded in the accounts to reflect services rendered between programs. These transactions are identified and eliminated in the summary statement of receipts and disbursements to arrive at the organization's combined net funding and expenditures for the year.
